SUMMARY

Innovative web developer who thrives on challenges and has ambitious goals, who is set on leaving their digital footprints in history. Self-starter with a “hit the ground running” mentality who has been working remotely for over six years.

HIGHLIGHTS

- Proficient and active user of HTML, CSS, Express, MongoDB, MySQL, Node and React
- Full Stack Developer Certificate from the University of Utah
- Ability to learn and program different languages while on a deadline
- Experience in building websites independently as well as in collaborative group settings
- Outstanding research skills honed by seven years of legal experience which has led to success in researching coding documentation

TECHNICAL SKILLS

CORE COMPETENCIES

- HTML/HTML5
- CSS
- JavaScript
- JQuery
- Node.js
- Express.js
- MySQL/Sequelize
- MongoDB/Mongoose
- React

SECONDARY COMPETENCIES

- GraphQL
- Python

SKILLSETS

- Responsive Web Design
- Cross-browser Compatibility
- Source Control (Git)
- Model View Controller

PROJECTS

2doozies | <https://github.com/tyarchy/2Doozies> | <https://twodoozies-app.herokuapp.com>

- A user-friendly to-do application that helps users set due date reminders to keep them on task and productive. Users never have to worry about losing to-do's because they are saved in a database.
- This was a group project and my responsibilities were to create the back-end routes, connect the routes to the front end views and add CSS to the entire project.

Technologies: Javascript, Handlebars.js, MySQL, Sequelize, Node.js and Express.js

Jessica L. Stabler, Esq.

Herriman, Utah • (801)230-4660 • jessica.stabler@gmail.com
<https://www.linkedin.com/in/jessica-stabler-b6539012> • <https://github.com/jstable1>
<https://jstable1.github.io/professional-portfolio/>

2doozies 2.0 | <https://github.com/jstable1/2-doozies> | <https://safe-dusk-34146.herokuapp.com>

- For this solo project I recreated 2doozies using the MERN stack and added daily affirmations.
- Future plans for the project include: a functional calendar, option for recurring tasks, fireworks when all daily tasks are completed and to save the current affirmation index number to local storage.

Technologies: React.js, MongoDB, Express.js, Apollo Server, GraphQL and JSON Web Token

React Portfolio | <https://github.com/jstable1/react-portfolio> | <https://jstable1.github.io/react-portfolio>

- Portfolio created using 7 components with logic to conditionally render them based on user click events.

Technologies: React.js

EXPERIENCE

American Express, Salt Lake City, Utah

Platinum Card Unit Customer Engagement Network Specialist, 2015-2021

- Communicated verbally with cardmembers to assist them with account needs while building rapport.
- Coached in two new hire classes and the Financial Relief Program due to top 10% performance.

Fraud Specialist, 2013 to 2015

- Utilized fraud management techniques to identify possible fraudulent situations and minimized potential loss by gathering and analyzing pertinent data to determine the appropriate course of action.
- Counseled fraud victims, performed identity restoration and victim case management.
- Escalated and communicated complaint issues of significant compliance concern.

EDUCATION

University of Utah, Salt Lake City, Utah

Full Stack Developer Certificate, May 2022

- 6 month intensive program focused on teaching students the skills to learn new coding languages.
- In addition to coding languages the program also taught concepts like Model View Controller and Responsive Web Design.

Washburn University School of Law, Topeka, Kansas
